

Malik Ali Hassan

Lahore, Pakistan | +92 311 4952691 | hassanmalikali777@gmail.com | linkedin.com/in/malik-ali-hassan-/

Objective

To secure an opportunity in software development or related fields where I can utilize my knowledge of programming, web technologies, and data systems gained through academic projects and further enhance my technical and professional skills.

Core Skills

- Programming Languages: C++, Python, JavaScript
- Web Development: React, HTML5, CSS3, Responsive Web Design
- Tools & Technologies: Git, GitHub, REST APIs, JSON, Figma, SQL
- Methodologies: Agile (Scrum), SDLC, OOP Concepts
- Others: UI/UX Design, MS Office
- Soft Skills: Problem Solving, Logical Thinking, Communication, Teamwork

EXPERIENCE / PROJECTS

Nexora AI – Distributed Intelligent Agent Platform (Final Year Project – In progress)

- Developing the React.js frontend for a multi agent AI platform.
- Designing responsive dashboards, analytics, and notification features.
- Supporting AI driven automation workflows using LangChain, Flask, and OpenAI.

Thread Pool Simulation – Operating Systems Project

Technologies: HTML5, CSS3, JavaScript

- Developed a web-based simulation demonstrating thread pool and task scheduling concepts.
- Implemented task queue and thread allocation logic using JavaScript.
- Github: <https://github.com/MALIK-ALI777/OS-project>

Teacher/Student Portfolio Website – Academic Project

Technologies: HTML5, CSS3, JavaScript, Formspree

- Designed and developed a fully responsive portfolio website with contact forms using HTML5, CSS3, JavaScript, and Formspree.
- Github: <https://github.com/MALIK-ALI777/Web-Project>

Python Weather Application – Personal Project

Technologies: Python, REST API, JSON

- Developed a Python weather application integrating REST APIs to retrieve and display real time weather data for multiple cities.

Hospital Management System – Academic Project

Technologies: C++, OOP, File Handling

- Developed a console-based Hospital Management System using C++.
- Implemented OOP concepts and file handling for record management.

Education

Bachelor of Software Engineering
The University of Lahore
CGPA: 3.4

2023 – Present
